## Section 5 – Prescribed Criteria

In general terms Council laws restrict the keeping of animals throughout the City including livestock under the following circumstances.

| AREA OF LAND                               | LIVESTOCK  | CONDITION                            |
|--|--|--------------------------------------|
| 2001m <sup>2</sup> to 10,000m <sup>2</sup> | Cattle, horses, goats, sheep, deer, donkeys, mules, alpacas, llamas and the like | Permit required to keep 2 livestock. |

A prescribed enclosure for cattle, horses, goats, sheep, deer, donkeys, mules, alpacas, llamas and the like kept on prescribed premises shall (unless otherwise required by the local government) be an enclosure which:

- (a) prevents the animal from escaping from the prescribed premises; and
- (b) is not within:
  - (i) ten (10) metres of a dwelling unit whether it be on the prescribed premises or not; and
  - (ii) ten (10) metres of any premises operated for the purposes of the manufacture, preparation, storage or sale of food for human consumption (other than food contained in hermetically sealed packages); and
  - (iii) two (2) metres of the boundary of the prescribed premises.

In granting a permit, it is a requirement of Council for suitable enclosures to be provided which will minimise nuisance to other residents as a result of keeping the animals.

Where a Permit is approved by Council, conditions may be applied in respect to standards of hygiene and animal welfare. Council may also revoke (cancel) a Permit where Permit conditions are not complied with.

---

## Section 5 – Application Charge
