Background and acknowledgements

In 2013 the Logan Homeless Community Action Plan (HCAP) Forum identified the need for a service directory to provide information about available services to people who are homeless or at risk of homelessness.

A working committee was established and the first edition of the Logan Street Services Guide was launched in August, 2015. Over 5,000 copies were printed and disseminated throughout government and non-government agencies to give to people who are homeless or at risk of homelessness in and around the Logan region. Our thanks to the members of the first working party who sourced the information. This 2016 – 2017 update has been made possible through the generous assistance of many organisations.

The Logan Street Services Guide 2nd edition Working Committee would like to acknowledge and extend their thanks to the following organisations:

- **The Lady Musgrave Trust** and *A Handy Guide for Women in Brisbane* which have served as a model for the *Logan Street Services Guide*.
- Members and staff from **Canefields Clubhouse** for the effort and enthusiasm demonstrated during the collection and collation of the information contained in the Guide.
- Member agencies of the **Logan Housing and Homeless Network** and the **Logan Interagency and Emergency Relief Network** for their guidance and ongoing support.
- The **Media and Communications Unit, Metro South Health** who undertook design, proofreading and final editing.
- **Logan City Council, Brisbane South PHN, Metro South Health** and the **Gambling Community Benefit Funding Program** who funded the Logan Street Services Guide.

The aim of the *Logan Street Services Guide* is simple: to provide practical, relevant and useful information on where to get help with a variety of issues that impact on people experiencing homelessness or at risk of homelessness in the Logan area.

This directory was accurate at the time of publication but the publishers accept no responsibility for errors or omissions and recommend that readers always refer any queries about a particular activity or offer of help to the respective service provider.

Background and acknowledgements

We sincerely hope the *Logan Street Services Guide* will find its way to those who need it.

Carer support services

If you are a carer for someone in your family who is frail from ageing or a younger person with a disability, there are community-based support services available for you to help with his or her care. Your family may be eligible for such services as domestic assistance, help with personal care, shopping, getting to appointments or social outings. This is called Home and Community Care—HACC. Day respite for carers means that someone may be able to stay with your loved one, so that you can have a break.
