

Logan City Council

NOTICE OF WORK

November - December 2018

ROAD WORKS – WENDT ROAD, CHAMBERS FLAT

WORK

Logan City Council is scheduled to commence a project to widen and seal a section of Wendt Road, Chambers Flat.

These works are part of Council's continuing program to improve the road network in our city.

The work will involve:

- minor clearing;
- construction of pavement construction to provide a sealed pavement six metres wide; and
- surface with a sprayed bitumen seal.

TIMING

Works are planned to commence on Monday 26 November 2018 and be completed by late December 2018, weather and construction conditions permitting.

These works have been planned to ensure as little disruption to traffic as possible, however the majority of the works will be need to be undertaken between the hours of 6:30am to 5:00pm, Monday to Friday.

WHAT TO EXPECT

Council will make every effort to minimise disruption to the community during these works. All works will be undertaken in accordance with relevant safety, communication and environmental management plans.

Due to the nature of the works, some localised construction impacts may be experienced. This may include:

- increased levels of noise, dust and vibration adjacent to the construction site;
- truck movements to and from the works site to deliver materials and equipment and remove excavated material; and
- localised work to your driveway to tie in new works.

Residents will be allowed access throughout this period, with minimal delay. There will be full access overnight and on weekends.

We appreciate your patience as we undertake these necessary works. If you have any questions or would like to discuss these works, please contact Council's Maintenance Coordinator on (07) 3412 5436 or by email to roadmaintenance@logan.qld.gov.au.
