

Logan City Council

NOTICE OF WORK

FEBRUARY 2019

ROAD MAINTENANCE WORKS – CUSACK LANE, JIMBOOMBA

On behalf of the City Roads and Water Committee Chair Councillor Phil Pidgeon, and Division 11 Councillor Trevina Schwarz, Logan City Council is proud to announce the commencement of road maintenance works at Jimboomba.

WHAT IS HAPPENING?

Localised road maintenance works will be carried out on a section of Cusack Lane, from Henderson Road to Johanna Street, at Jimboomba (see map overleaf).

Maintenance activities will include water blasting the existing road to reinstate the surface texture.

The works are funded from Council's 2018/19 Capital Roadworks and Drainage Program, which provides a total budget of approximately \$120 million for roadworks and drainage construction.

Council has appointed Fulton Hogan Industries Pty Ltd to carry out these works.

WHEN IS IT HAPPENING?

These maintenance works are scheduled to occur during the week commencing 4 February 2019 and are expected to take one night to complete, weather and site conditions permitting.

Works will be carried out at night from 7.00pm to 5.00am, when the temperature is cooler, to prevent damaging the road pavement.

WHAT CAN I EXPECT?

Council and its contractor will make every effort to minimise disruption during these works. However, some localised construction impacts will occur such as:

- Changed traffic conditions including reduced speed limits and traffic lane closures. Site representatives will be available during construction working hours to assist motorists as required.
- Temporary traffic congestion during working hours. Motorists are advised to plan their journey and allow extra travel time (where practical).
- Variable message signs will be installed to provide advanced notification of the works.
- Existing road functions will be reinstated at the end of each shift to accommodate traffic flows.
- Temporary driveway access restrictions at times. Affected residents will be notified in advance to ensure works are coordinated appropriately.
- Increased levels of noise and lighting impacts during the night works. Contractors will implement measures to reduce these impacts as much as practical.
- Council's contractor will provide additional notifications to affected residents prior to the commencement of the works.

FOR MORE INFORMATION

For more information about these works, please contact the project's community engagement team on (07) 3412 4803 or email community@loganwia.com.au.
