The City of Logan is in the centre of the rapidly growing South-East Queensland region and has direct access to three major arterial networks, two international airports, freight rail and the Brisbane to Sydney passenger rail line.

For business, Logan offers a supportive business environment, access to vital transport infrastructure and has a labour supply of over 3 million people. For residential developers, Logan offers a modern planning scheme with large green field areas ready to be developed and local plans that encourage redevelopment opportunities.

Our team at Logan are ready to work with you to find the right location for your investment in our City of Logan.
