Join former John Paul College student and Queensland’s 2017 Young Australian of the Year, Taj Pabari as the team from Fiftysix Creations share their ideas and solutions for future-proofing the next generation of creative young people. Presented in partnership with INNOV8 Logan.

Creating young change makers
Learn how to brainstorm a problem, build a business model and present your idea to start your own business or social change movement. These workshops are dynamic and focus on building real world skills. There’s loads of fun and games in between!
