## Section 4 - Statement

I request permission from Logan City Council for road excavation works as described with this application.

I have read and agree to comply with the conditions described in the document *Logan City Council Road Excavation Works (Excluding Vehicular Access) Policy*. A copy of this policy can be found on Council's website [www.logan.qld.gov.au](http://www.logan.qld.gov.au)

I agree to indemnify Logan City Council against any claims in negligence or breach of contract relating to the road excavation works that I construct and maintain. Whether such negligence or breach of contract is the consequence of the actions of Logan City Council or the property owner.

I have attached a sketch/drawing of the proposed road excavation works. I have contacted "Dial Before You Dig" and have received all relevant service location information. This information is attached to my submission.

I agree to maintain the road excavation works in a safe condition to the satisfaction of the Logan City Council's Road Infrastructure Planning Manager for a period of six months after the completion of the road excavation works. If I fail to do so or a reasonable objection to the works is raised by others, Council with due notice (ie. 21 days), may undertake works to modify the road at my expense.

## Section 5 - Information to be Submitted with Application

1. The application form including the signed statement (fees are currently waived);
2. Details of the road excavation works including the design, dimensions, construction technique and a site sketch/drawing and specifications of the works to be undertaken. The sketch/drawing should include the front boundary of properties, driveways, kerb and channelling, the footpath and public utilities (ie. power poles, Telstra pits, etc). It should show the measurements (in mms) between these items;
3. Details of the contractor who will be undertaking the road excavation works and a copy of their public liability insurance of not less than ten million dollars (\$10,000,000) will be required; and
4. Evidence that you have contacted and received "Dial Before You Dig" service information (provide copies of current service plans).
