NOTICE OF WORK

November 2019

ASPHALT RESURFACING WORKS – BRENTFORD ROAD, BETHANIA

Logan City Council is proud to announce the commencement of asphalt resurfacing works at Brentford Road, Bethania.

WHAT IS HAPPENING?

Localised road pavement repairs and asphalt resurfacing works will be carried out along a section of Brentford Road at Bethania (see map overleaf).

The works are part of a program that includes resurfacing over 200 streets across the City and is funded from Council's 2019/20 Capital Roadworks and Drainage Program.

Council has appointed Downer EDI Works Pty Ltd to carry out these works.

WHEN IS IT HAPPENING?

Construction is scheduled to occur in November 2019, and is expected to take one day to complete, weather and site conditions permitting. Works will be carried out between the hours of 7.00am and 6.00pm.

Council's contractor will provide a separate notification to affected residents to confirm the timing of the works prior to commencement.

Following completion of the asphaltting works, Council's contractor will return to complete any line marking and general finishing works as required.

WHAT CAN I EXPECT?

Council and its contractor will make every effort to minimise disruption during these works. However, some localised construction impacts will occur such as:

- Changed traffic conditions including reduced speed limits and lane / road closures. Site representatives will be available during construction working hours to assist motorists as required.
- Temporary loss of street parking and driveway access restrictions. Affected residents will be notified in advance to ensure the works are coordinated appropriately.
- Increased levels of noise, dust and vibration at times. Contractors will implement measures to reduce these impacts as much as practical.

FOR MORE INFORMATION

For more information about these works, please contact the project's community engagement team on (07) 3412 4803 or email community@loganwia.com.au.
