1. Policy Purpose

The purpose of this policy is to implement a sustainable and cost-effective system of waste collection services.

2. Scope

This policy is applicable to all properties in the City of Logan.

This policy also applies to all councillors, employees and contractors working for Council regardless of whether they are permanent, temporary, full-time, part-time or casual. For the purposes of this policy, the term contractor includes on-hired temporary labour services (agency staff) and sub-contractors.

3. Policy Statement

Logan City Council is committed to providing a sustainable and cost-effective system of waste collection services. Waste collection services will be managed in accordance with the Waste Collection Services Procedure (DM: 14669703).

The Waste Collection Services Procedure:

- (a) Designates the areas within Logan City in which Council will conduct general waste and green waste collection.
- (b) Requires the owner or occupier of commercial premises which Council does not collect waste from to arrange for removal of general waste from the premises.
- (c) Declares certain waste to be recyclable waste for the Logan local government area.
- (d) Stipulates the types and frequency of waste collection services that are provided to various types of premises within Logan City, the conditions on which those services are available and matters relevant to the levying of waste management utility charges.

Council's annual Revenue Statement stipulates the waste management utility charges that will be charged for each type of waste collection service.

Waste Collection Services Procedure

All decisions and/or actions made under this policy must be made in accordance with the Waste Collection Services Procedure (DM: 14669703).

4. Definitions

The following definitions apply to this policy and the Waste Collection Services Procedure.
