

# Preparing for a Flood

Download the 'Logan Early Warning' app.

Map alternative routes in advance, in case usual routes are affected.

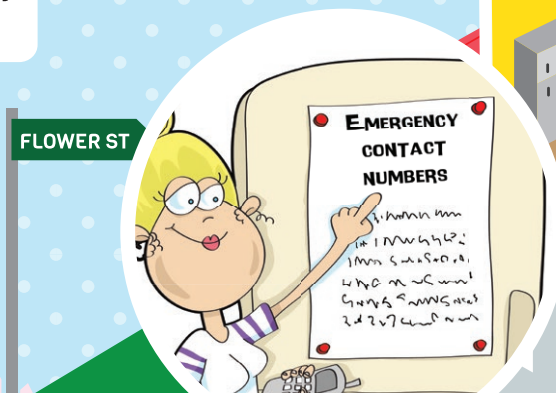

Disconnect all electrical appliances.

Ensure your house has an Emergency Kit accessible.

Fill all available containers with water, in case the water supply is cut off.

Keep a list of emergency contact numbers visible.

Never drive, ride or walk through floodwaters, for any reason.

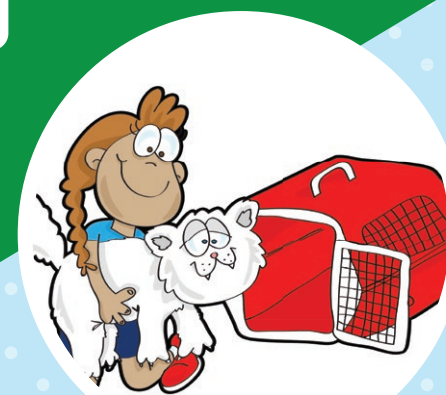

Move furniture, clothing and other valuables to higher ground.

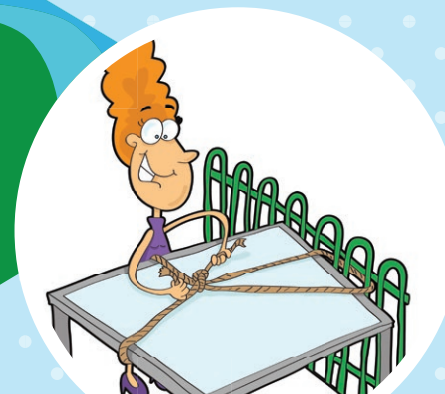

Ensure roofing is secured and free of leaks.

Move cars to a safe location.

Bring pets inside, restrain them and give them water.

Secure furniture or other objects that could float away or cause damage.
