

Preparing for a Storm

Download the 'Logan Early Warning' app.

Disconnect all electrical appliances.

Close all windows, doors and curtains.

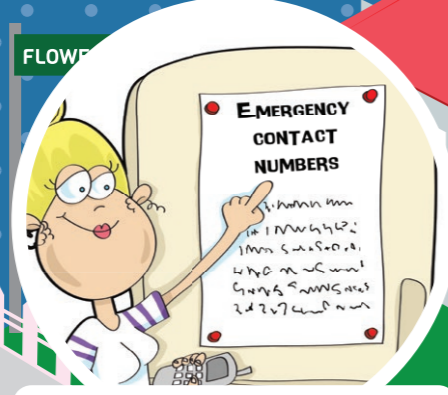

Trim low-lying branches and shrubs growing around, or near, the house.

Stay well away from fallen power lines, and report them to relevant authorities.

Ensure your house has an Emergency Kit accessible.

Keep a list of emergency contact numbers visible.

Clear leaves, twigs, bark and other debris from the roof and gutters.

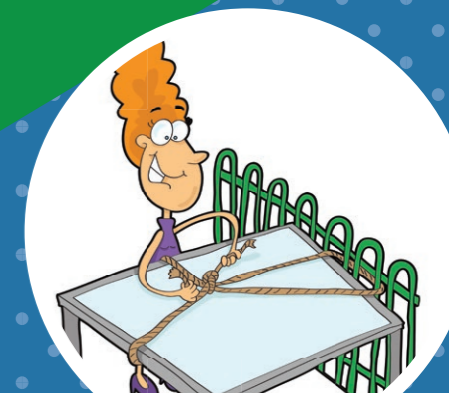

Ensure roofing is secured and free of leaks.

Cover vehicles to protect from debris and hail.

Bring pets inside, restrain them and give them water.

Secure furniture or other objects that could blow away or cause damage.

Check your phone for SMS alerts about potentially dangerous weather.
