

Woodlands Drive Master Drainage Upgrade.

Works adjacent to your driveway, January 2025

Dear resident or business owner,

On behalf of Logan City Council, Doval Constructions wishes to advise of upcoming driveway works at your property.

Duration	Works on your street will recommence on the 6th January 2025. Your driveway will be inaccessible during the work hours of 7am to 6pm Monday - Friday, while drainage works occur on your street. We kindly ask that you park your vehicle outside of the work extents prior 7am each day, as once works commence for the shift there may be delays in you exiting or entering your property until the shift ceases at 6pm.
Please note	Your street will be closed during working hours, after hours Resident Only Access will be available, please follow the traffic signage accordingly. Works may be temporarily delayed due to weather or construction conditions at any time.

What is happening?

As part of the Woodlands Drive master drainage upgrade, we will be removing part of the road outside your property boundary line during construction. We will then reinstate the roadway as works progress.

What you can expect

We aim to minimise disruption, however, some construction impacts are unavoidable, such as:

- pedestrian detours
- noise, dust, vibration
- changed traffic conditions
- traffic speed reduction
- construction vehicle movements.

Traffic controllers or signage, or both, will be available to always maintain pedestrian access.

Thank you for your patience and cooperation during these essential works.

Be prepared

- Please park your car elsewhere from 7am to 6pm Mon - Fri.
- Your driveway may be inaccessible between 7am and 6pm Mon-Fri
- Please advise us if there are occupants with health conditions that may require emergency response or healthcare services requiring access.
- For safety, follow signage directions and our work crews' instructions.
- Keep children, equipment and materials clear of the work zone.
