

Alamein Street Intersections Upgrade

Dear resident or business owner,

Doval Constructions wishes to advise of upcoming intersection works near your property.

Where:	Alamein Street intersections at George and Main streets (please see map overleaf)
When:	Saturday 1 March to Sunday 16 March 2025 (weather and construction conditions allowing)
Work hours:	From 7 pm to 5 am Sunday to Saturday. Some intermittent day works may also be required from 7 am to 6 pm.
Please note:	There may be temporary delays due to weather or construction conditions at any time.

What is happening?

We are improving road safety on Alamein Street in Beenleigh, at the intersections of George Street and Main Street. Asphalt works will be carried out on the above dates and may result in minor detours to your usual route.

What you can expect

We aim to minimise disruption, however, some construction impacts are unavoidable, such as:

- pedestrian detours
- noise, dust, vibration
- changed traffic conditions
- road speed reduction
- construction vehicle movements.

Traffic controllers and signage will be available to maintain pedestrian access.

Thank you for your patience and cooperation while we complete these essential works.

Be prepared

- Please park your car elsewhere from 5 pm the day before works commence.
- Plan your journey, expect delays and use other routes.
- Please advise us of occupants with health conditions who may require emergency or healthcare service access.
- For safety, follow signage and work crews' directions.
- Keep children, equipment and materials clear of the work zone.
