WELCOME to LEAF 2025

At LEAF, you'll have the opportunity to engage with like-minded individuals, learn about cutting-edge sustainable practices, and discover how you can play a role in preserving our planet by making positive changes at home, work and in the community.

Here's a sneak peek of what awaits you:

- > Explore the latest eco-innovations and get inspired by the latest advancements in sustainable technology
- > Hear from the experts as they share insights about conservation and sustainable living and learn practical tips for incorporating eco-conscious habits into your daily routine
- > Collect two free native pollinator plants when you visit the Eco Dome (be quick as there's a limited amount!)
- > Discover local businesses that sell eco-friendly products
- > Thrift to your hearts content at Logan Wardrobe Rummage and Griffith University Clothing Library
- > Take a nature walk through the campus grounds and learn about native flora and fauna with Yarning Circle Tours
- > Indulge in mouth-watering food and drinks
- > Get items repaired for free at the Griffith Repair Café

Spread the word:

Spread the word so we can build a community; LEAF is not just an event — it's a movement. Share your LEAF experience and what you learned on social media and tag #LEAF.

Filming and photography

Logan City Council will be filming and taking photographs at this event. By entering this event, you consent to us filming (including sound recording) and taking photographs of you as members of the audience, which may be used for marketing or promotional purposes. If you do not wish to be filmed or photographed, please notify the videographer and photographer.

Accessibility

- > Designated accessible parking spaces in the main car park.
- > Convenient drop-off points for passengers with mobility needs.
- > Accessible restroom facilities.
- > Quiet Zone designed for people with sensory disabilities.
- > AUSLAN interpreters.

Zone Highlights

Eco Markets

Explore a diverse range of handmade items and eco products promoting a greener way of living.

Sustainability Street

Showcases a variety of community groups with valuable knowledge, providing you with the opportunity to engage, contribute to charities, and learn about making a positive difference every day, in a sustainable way.

Meet & Greet

Get up close with the beloved Heeler sisters, Bluey and Bingo, or meet Australia's favourite scientist, Dr Karl, during a special book signing event!

Green Lifestyle Zone

Offers an array of engaging and educational activities and information focused on sustainable and environmental living. Find the Main Stage, and Eco Dome in the Green Lifestyle Zone.

Kids Zone

Packed with engaging workshops and activities for children and families to learn together.

Sustainable Living Lounge

Come armed with your questions for our experts and discover more sustainable ways to live.

Plant Sale

Talk to the experts and choose from a range of native plants to purchase and take home.

Repurpose Circuit

Find second-hand gems at the Wardrobe Rummage and bring your broken household items in for repair at the Repair Café.

Yarning Circle

A space to learn about Indigenous culture, values and history in a culturally safe and respectful space.

Hear from our experts

Dr Karl

Science communicator and author

Main Stage, 12:15 pm – 1:15 pm

Book Signing, Meet & Greet Zone, 1:40 pm – 2:30 pm

Dr. Karl Kruszelnicki AM, known as Dr Karl, is a renowned Australian science communicator with over thirty years of experience, 48 books and a TV show called "How Things Work" on ABC TV and iView. He holds degrees in physics, mathematics, biomedical engineering, medicine, and surgery and has received many accolades including the 2025 NSW Senior Australian of the Year.

Dr Chadden Hunter

Wildlife biologist and filmmaker

Main Stage, 10:45 am – 11:15 am & 11:30 am – 12 pm

Dr. Chadden Hunter is a Brisbane-based wildlife biologist and filmmaker who has spent the last two decades working with Sir David Attenborough. After completing a PhD on Ethiopian monkeys, he worked with the BBC and National Geographic, filming diverse wildlife. His series, including Planet Earth 1 and 2, Frozen Planet, and The Platypus Guardian on ABC iView, have won twenty Emmy and Bafta awards.

Ranger Stacey

Media personality, wildlife communicator, writer and environmental educator

Main Stage, 10:45 am – 11:15 am & 2:15 pm – 2:45 pm

Stacey Thomson, known as Ranger Stacey, is a beloved Australian television personality and wildlife communicator who began her career as a ranger in 1984. She has inspired generations through her work on shows like "Totally Wild" and collaborations with Steve Irwin. Fun fact: in recognition of her dedication to environmental education, a snail and a spider species have been named in her honour!

Sustainable Living Lounge

The Worm Man

Brian Donaldson is a full-time commercial worm farmer, educator, and author. As a Certified Master Composter, he teaches waste reduction via worm farming and composting.

Belinda Humphrey

For more than 20 years, Belinda Humphrey designed apparel for some of the world's leading fashion brands. She now uses her wealth of experience to advocate for fashion sustainability.

Tasmin Scott

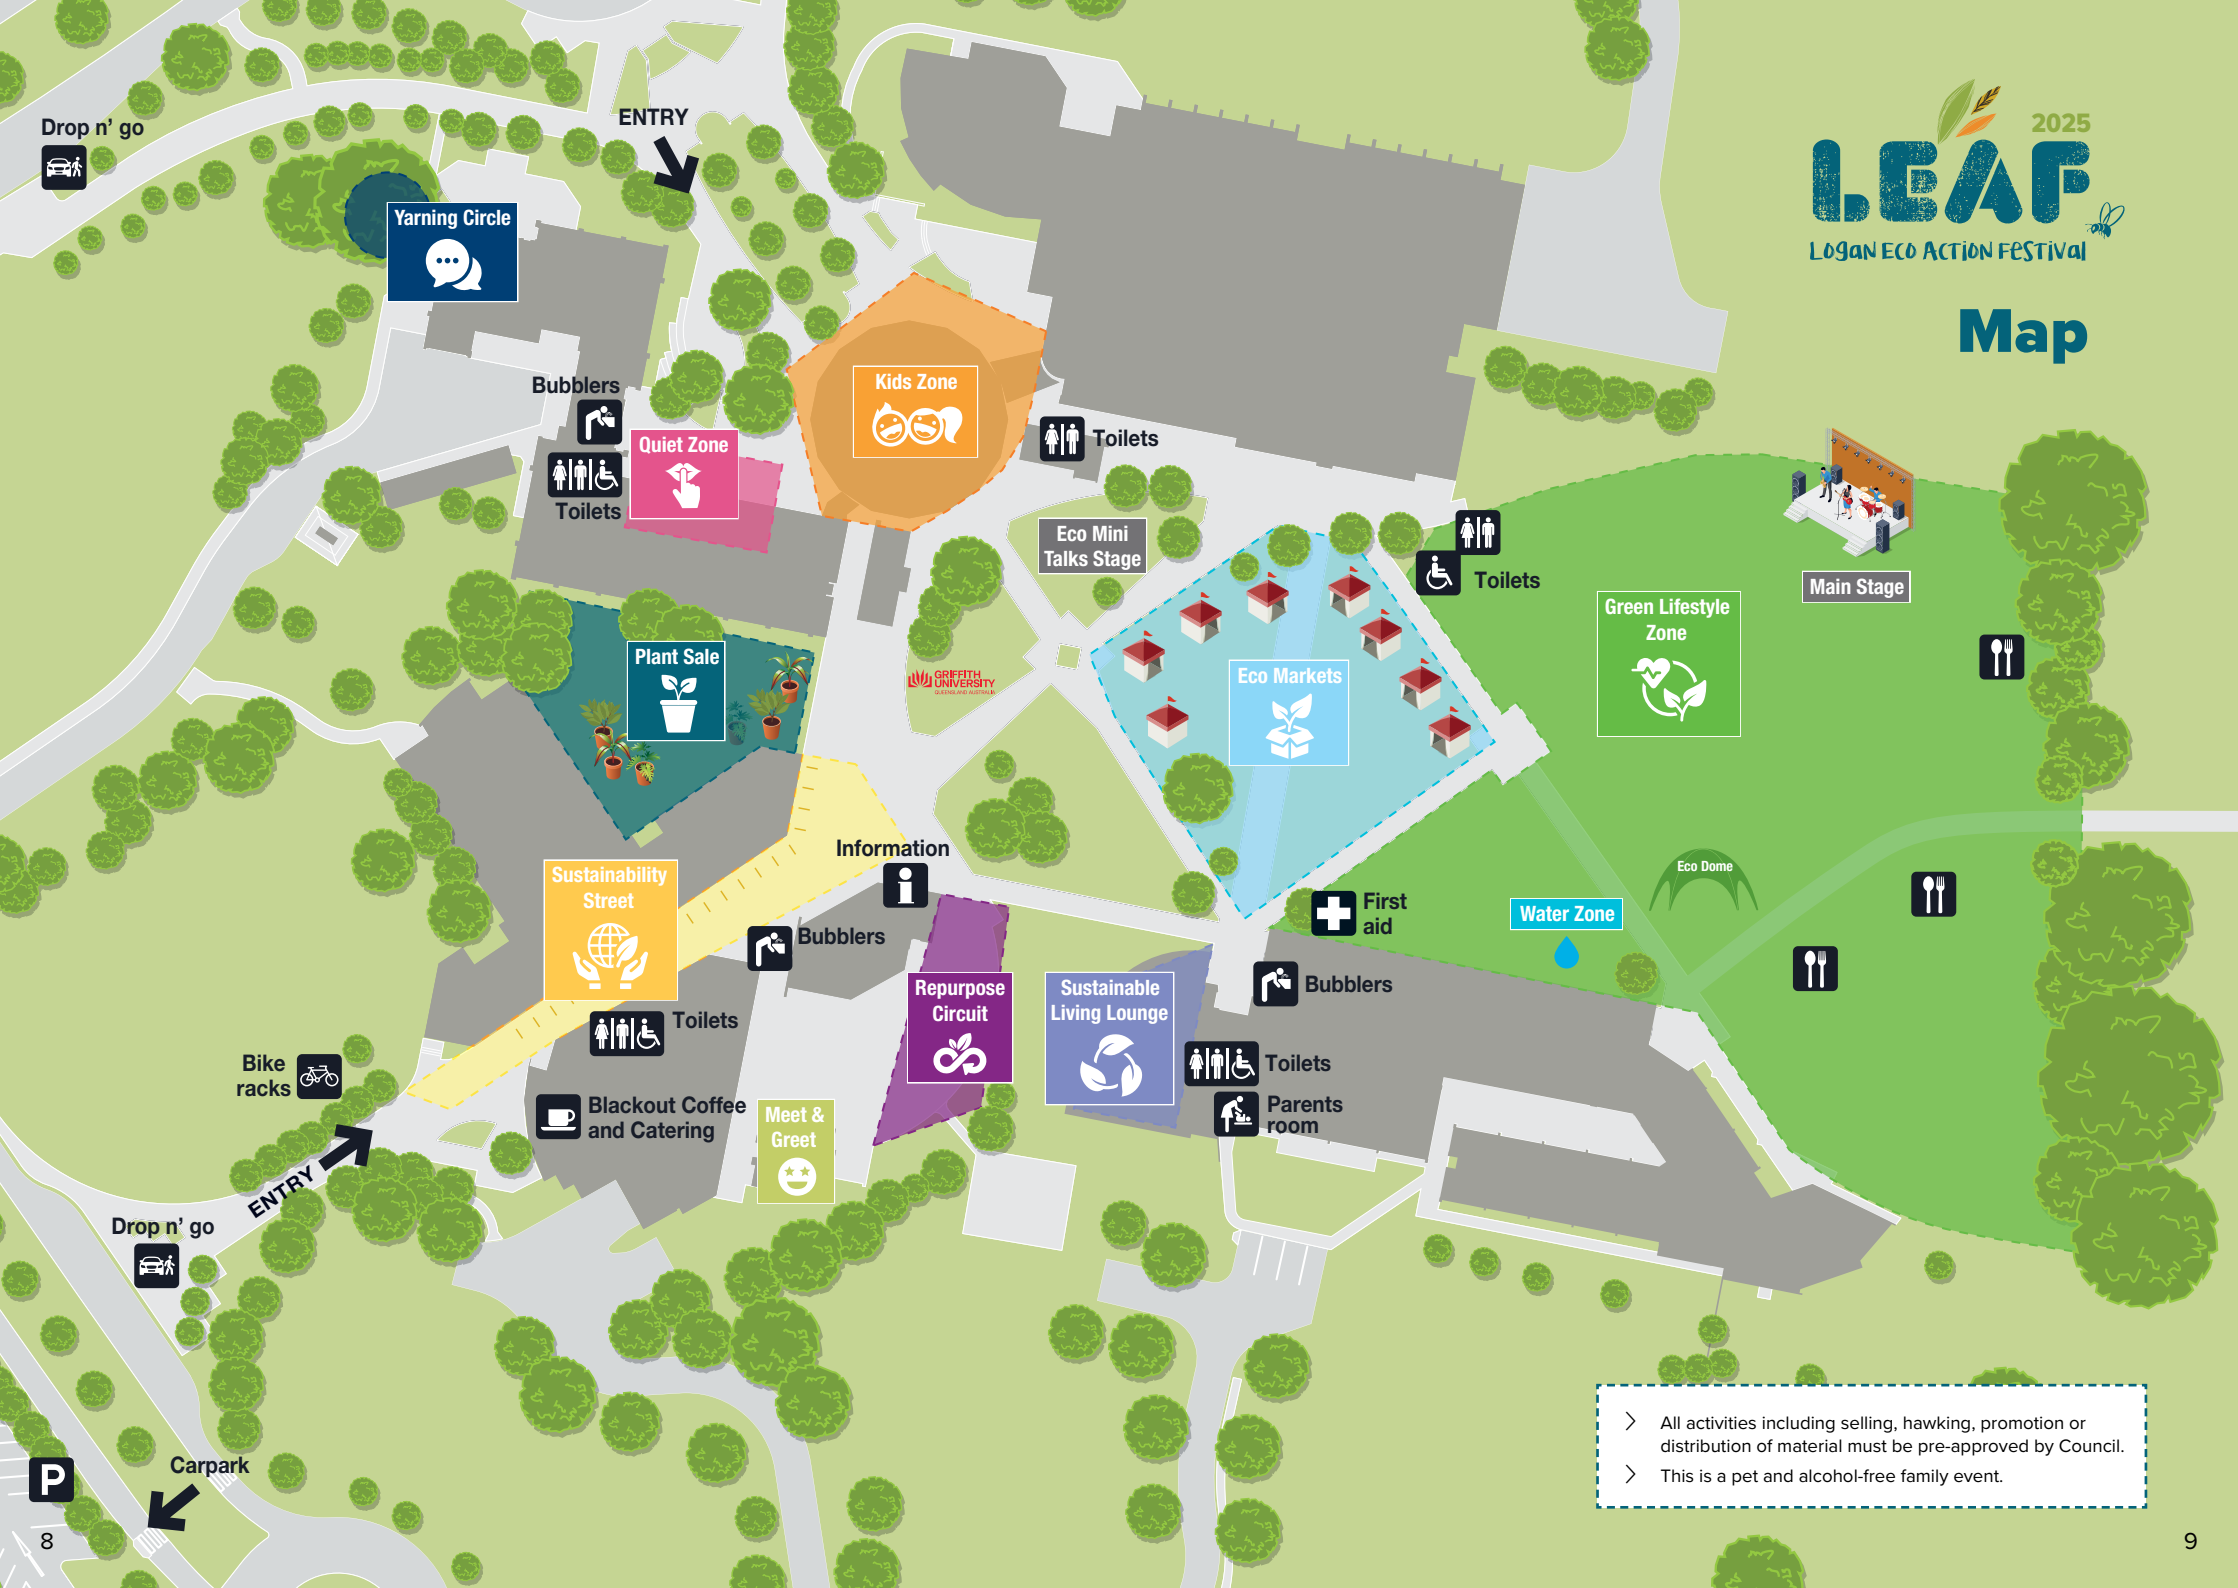

A seasoned landscape architect, Tasmin specialises in design of natural play spaces at home. Through her ebooks and online classes, she empowers parents to rewild their gardens for healthy, sensory play.

Professor Catherine Pickering

Catherine is a research leader and an expert in plant ecology, climate change, alpine ecosystems, recreation ecology, protected area management, and community gardens.

Map

> All activities including selling, hawking, promotion or distribution of material must be pre-approved by Council.
> This is a pet and alcohol-free family event.
