Disconnection of Water meter (applicant to provide meter number) _____	

Where a second meter is required the applicant is to provide a drawing showing location of additional meter.

In some instances you will be required to install a conduit via under-road boring methods.

Lot numbers and all boundary pegs need to be clearly visible on the property before the installation of water meters.

All applications for commercial water meter connections are to be submitted with a copy of the Council approved hydraulic plans where applicable.

Logan City Council will require clear access free of all obstructions including a separate and distinct designated workplace to access Logan City Council infrastructure and complete the requested works at the designated property.

This application must undergo a review process, and therefore the completion of the form and/or payment of any associated fee does not signify that the application has been granted. Further written conditions may be negotiated between the applicant and Logan City Council, and that failure to provide true and accurate information may result in work not being completed and/or surcharges being levied.

Upon review and acceptance of an application, you will be provided with correspondence advising the applicable fee. Works will only be scheduled after receipt of all monies.
