To better understand community physical levels, Logan City Council conducted a survey in November and December 2015. Data was gathered on organised and unorganised sport, recreation and physical activity. The above results were collated by the AEC Group from responses of 41 Logan residents 15 years old and over, participating in “soccer (outdoor)”. 

**SOCCER**

**ADULTS**

**POPULATION PARTICIPATING**
- Active population - Logan: 5.5%
- Active population - Australia: 94.5%
